

11/2/82
Dear Mike

Before even handing this to Eugene,
(which I'll do soon at M. - N. L. site)
I'm sending you copy I'm sending you
the enclosed because it is so easy
when one is "in the field" to "forget"
Center as having not only the ~~main~~ ^{main} ~~main~~ ^{main}
(more locals than one) but also & above all
future projection. "changing everything" one has
already decided upon.

This week it creates
change in lead plus special R&B more calling
for it. Not only that. Even more direct

happening & instead of having that ~~news~~ news weigh
me down, I have definitely decided that
not only will ~~the~~ ^{next} year ^{be} definitely be the one transfer
into Constitutional Convention

but I will not
wait to announce 90 days ahead but actually
make such a declaration at 1/2/83 expected
REB.

As for writing you re
your last public only at 14 Chi - I
doubt I will - Do work it out yourself -
You not only know best & more concretely
what will be needed (and I have full confidence
in you) but my mind is hold your seat

on my next book as one is certainly needed
on post-Marx Marxist not as briefly as in R. W. K. H. -
sent etc etc etc. Yours, Harry, R. A.
